FM-14 Smart Filling Machine with hand hose

Amount of oiling: 0.2-3ml/5ml

Oil tank: 300ml or 500ml

Oil filling accuracy:  $\pm 1\%$

Output: 800-1500 sticks / hour

Power supply: AC220V/110V

Drive mode: Stepper motor + rail drive

Panel control: 7 inch big Touch screen, operation button, Smart Filling System

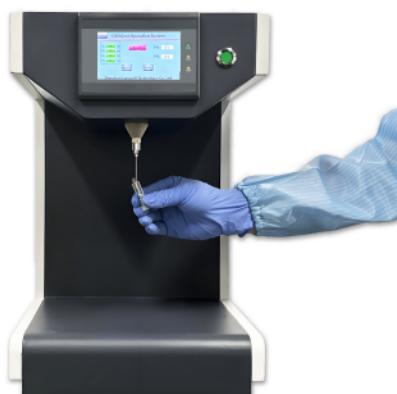

FDA testing passed

Machine Dimensions W\*D\*H(mm) weight: 500\*240\*350mm, 15kg

Export package size (mm) weight: Wooden box packaging

L\*W\*H=490\*320\*400mm, 22kg

<https://longwillmachinery.com>

YC-300 THC Semi Auto filling machine

Amount of oiling: 0.2-7ml

Oil Basin: 1.5L

Oil filling accuracy:  $\pm 1\%$

Temperature: 0-120 celsius

Heating adjustment: Oil reservoir, pump 2 parts temp adjust

Output: 800-1500 sticks / hour

Power supply: AC220V/110V

W\*D\*H(mm) weight: 305\*485\*460mm, Net weight about 25kg,

Wooden box packaging L\*W\*H=450\*630\*610mm, Total weight 42kg

<https://longwillmachinery.com>

FM-07 Auto Robo Filling Machine

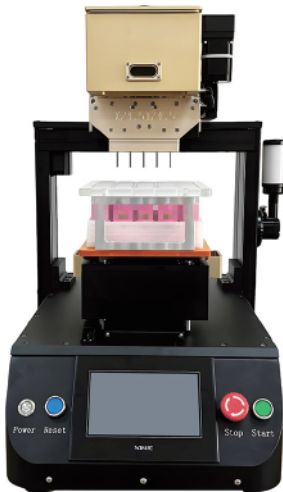

Amount of oiling: 0.2-3ml/5L  
Oil tank: 300ml or 500ml or 3L  
Oil filling accuracy:  $\pm 1\%$   
Output: 800-1500 sticks / hour  
Power supply: AC220V/110V

Drive mode: Stepper motor + rail drive  
Panel control: Touch screen, operation button, emergency stop  
Interface control: Position adjustment, fuel injection adjustment, speed adjustment program selection  
Program capacity: Specifically based on PLC storage capacity  
FDA testing passed

Including 2 units filling trays, free

Machine Dimensions W\*D\*H(mm) weight: 520\*640\*650mm, 46kg  
Export package size (mm) weight: Wooden box packaging  
L\*W\*H=570\*710\*790mm, 68kg without filling trays

<https://longwillmachinery.com>

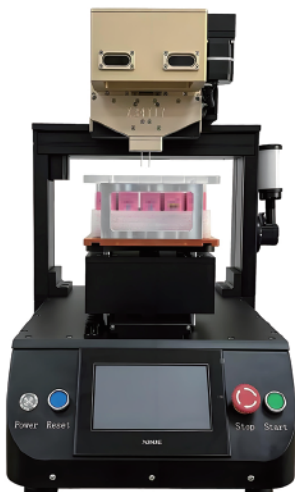

FM-15 5 Nozzles Auto Filling Machine

Amount of oiling: 0.2-7ml  
Oil tank: 2500ml  
Oil filling accuracy:  $\pm 1\%$   
Output: 1800-2500 sticks / hour  
Power supply: AC220V/110V  
Temperature range: 0-120Celsius

Drive mode: Stepper motor + rail drive  
Panel control: Touch screen, operation button, Smart Filling System  
FDA testing passed

Machine Dimensions W\*D\*H(mm) weight: 740\*400\*760mm, 70kg  
Export package size (mm) weight: Wooden box packaging  
L\*W\*H=840\*500\*860mm, 105kg

<https://longwillmachinery.com>

FM-17 Dual Flavor Auto Filling Machine

Amount of oiling: 0.2-7ml  
Oil tank: 1200ml+1200ml  
Oil filling accuracy:  $\pm 1\%$   
Output: 1200-1500 sticks / hour  
Power supply: AC220V/110V  
Temperature range: 0-120Celsius

Drive mode: Stepper motor + rail drive  
Panel control: Touch screen, operation button, Smart Filling System  
FDA testing passed

Machine Dimensions W\*D\*H(mm) weight: 740\*400\*760mm, 70kg  
Export package size (mm) weight: Wooden box packaging  
L\*W\*H=840\*500\*860mm, 105kg

<https://longwillmachinery.com>

CM-03 Auto Capping Machine

Applicable atomizer device length: 20-120mm

Output: 800-1000 sticks / hour

Power supply: AC220V/110V

Working pressure (Kg): 10T

Drive mode: Stepper motor + rail drive + Hydraulic control

Panel control: Touch screen, operation button, Smart Capping System

Machine Dimensions W\*D\*H(mm) weight: 650\*500\*1320mm, 175kg

Export package size (mm) weight: Wooden box packaging

L\*W\*H=700\*550\*1400mm, 180kg

K1 Cone Filling Sealing Machine

Output Productivity: 100pcs/min

Filling quantity: 100pcs per tray

Drive Frequency: 0-3000/min

Input Voltage: AC 110-220v

Material: PCTG, POM

Machine Dimensions W\*D\*H(mm) weight: 110\*370\*220mm, 16kg

Export Package size(mm) weight: Wooden box packaging

L\*W\*H=450\*300\*300mm, 32kg
